You are about to complete a finance application that will result in your personal information being sent to Livingstone Finance UK Limited. This information may be shared with third parties, such as finance companies and credit reference agencies, during the processing of your application.

In processing your application, Livingstone Finance UK Limited will carry out a soft credit search to determine the most suitable finance provider to meet your requirements; no footprint will be left on your file from this search. A further credit search will be carried out by the chosen finance provider which may leave a footprint on your credit profile detailing that a finance application has been made. This can be seen by other organisations that make credit searches. Livingstone Finance UK Limited may request a credit check with more than one provider

Searches will also be made in respect of Directors and Partners of firms applying for credit. Information held about you by the credit reference agencies may already be linked to records relating to other people with whom you have a financial association. In connection with your application you may be treated as financially linked with them and assessed with reference to any such associated records

More information on how Livingstone Finance UK Limited will process your personal data can be found in our Privacy Policy at www.livingstonefinance.co.uk or can be emailed to you by request.

By agreeing below, you acknowledge that as part of the process of obtaining finance for your vehicle, Livingstone Finance UK Limited will need to pass your details on to one or more of their finance partners. A list of these partners together with the consumer credit licence numbers is available on request. You also acknowledge that any organisation approached for credit will need to undertake credit searches with a credit reference agency which may affect your credit rating.
